

## **GreenSky Releases Mobile App Version 6.5; Migrates Point-of-Sale Platform to New Cloud Environment**

ATLANTA--(BUSINESS WIRE)--Jun. 1, 2021-- GreenSky, Inc. (NASDAQ: GSKY) today announced that it has released Version 6.5 of its GreenSky Mobile App, further enhancing the power of commerce in the palm of merchants' hands.

"As GreenSky continues to innovate, offering enhanced security, speed, and feature functionality for our growing ecosystem of merchants and their customers, we remain dedicated to continuing to widen our significant array of technology advantages," said David Zalik, GreenSky Chairman and CEO.

With over 70,000 active users, the GreenSky mobile app is among the fastest in the industry, enabling a prospective borrower to leverage scanning or GPS technology to pre-populate a credit application in seconds and allowing a qualifying consumer to obtain immediate access to valuable credit. "Version 6.5 of the GreenSky mobile app has been enhanced to capture a customer's signature via their finger in the application itself to drive further engagement, while allowing a merchant to instantaneously initiate discrete customer transaction authorizations ("CTA"). Importantly, GreenSky's proprietary CTA technology leverages instant consumer SMS and text-back functionality to offer an unparalleled degree of safety and assurance to our consumers," added Minaz Vastani, GreenSky Chief Technology Officer.

"GreenSky's data resiliency, security, and performance are unmatched in the industry through our patented point-of-sale loan origination and servicing technology platform which has been fully migrated to a new cloud native environment powered by a diverse multi-cloud infrastructure. GreenSky's sophisticated cloud analytics platform delivers insights for partners and data scientists and features rich API's enabling merchants and providers to seamlessly integrate GreenSky's point-of-sale capabilities with their business processes," added Vastani. The GreenSky mobile app is available from both the App Store and Google Play.
